

PROJECT INFORMATION

Location:	Desert View Power LLC	Acq. Type:	Purchase
Project Name:	#1 Fluidizing Bed Supervisory System (FBSS) Upgrade	Asset Type:	Machinery & Equipment
Project Type: <input type="radio"/> Replacement of existing equipment <input type="radio"/> New Purchase <input checked="" type="radio"/> Betterment			

JUSTIFICATION OF NEED (Describe project requirements, benefits/savings of project, and impact of deferral)

The original Modicon system became obsolete. The electronic cards were not manufactured any longer. Bad cards are sent out for repair. Reliability has become low. Troubleshooting field device failures has become very challenging since laptop for interface is no longer available for use.

SCOPE (Include scope of current request, vendors involved, any future project phases, and alternatives considered)

Replace existing Modicon cards for #1 FBSS with a modern Modicon system. Schneider Electric Systems was selected as the supplier and installer.

PROJECT SCHEDULE

	Planning	Design	Install	In Service	Notes
Date (MM/YY)	01/19	01/20	11/20	11/20	n/a
